(D) Because personality tests were inadequate

8. Which of the following is **NOT** one of the Big Five Traits?

- A) Sense of humor B) Openness to experience
C) Conscientiousness D) Extraversion

9. Edwards Personal Preference Schedule employees forced choice format to reduce

- (A) Acquiescence.
- (B) Socially desirable responding.
- (C) Leniency effect.
- (D) Tendency to give extreme responses.

10. In the age group of 25 to 50 years, certain types of intelligence decline with age while others do not. Which of the following is the type that improves or holds throughout age?

- (A) Fluid intelligence
- (B) General intelligence
- (C) Crystallized intelligence
- (D) Global intelligence

11. Which one of the following is considered to be a culture-fair test of intelligence?

- (A) Stanford-Binet
- (B) Wechsler Adult intelligence scale
- (C) Army Alpha test
- (D) Raven's Progressive Matrices test

12. Which of the following psychologist's theory is the basis for the well-known personality test MBTI?

- (A) Sigmund Freud
- (B) Raymond Cattell
- (C) Carl Jung
- (D) James McKeen Cattell

13. Match List I with List II

List I	List II
(Personality (Dimension)	(Instrument)
P. Openness to Experience	1. EPQ-R
Q. Neuroticism	2. TAT
R. Anxiety	3. NEO-PI-R
S. Achievement Motivation	4. STAI

14. Creativity is measured on the dimension of

- (A) Originality
- (B) Applicability
- (C) Flexibility
- (D) all of the above

15. A person is asked to respond to vague/ambiguous stimuli when taking a :

- (A) Pencil and paper test
- (B) Projective test
- (C) Personality inventory
- (D) Behavioral assessment

16. Which of the following Personality test based on theory of H. A. Murray.

- (A) California Psychological Inventory
- (B) MMPI
- (C) NEO Personality Inventory -R
- (D) Edwards Personal Preference Schedule

17. Which behavioral scale is **NOT** assessed by FIRO-B.

- (A) Inclusion
- (B) Control
- (C) Affection
- (D) Emotion

18. Which dimension is **NOT** measured by Moos Family Environment Scale.

- (A) Relationship
- (B) System Maintenance
- (C) Rewards
- (D) Personal Growth

19. Interest Inventory developed by M. N. Palsane includes..... areas.

- (A) 10
(B) 11
(C) 12
(D) 13

20. Which of the following ability is **NOT** measured by DBDA?

- (A) Closure ability
(B) Spatial ability
(C) Creative ability
(D) Numerical ability

Q. 2 Answer in one Sentence.

1. What is dexterity?
2. What is aptitude?
3. What is Situational Test?
4. What is interest?
5. What is creativity?
6. How many versions have a Raven's Progressive Matrices?
7. Write the purpose of an assessment centers?
8. What are the goals of interest assessment according to Gregory?
9. Write the purpose of Interest Inventory?
10. How many symmetrical Inkblots consist in Rorschach test?
11. Write any two examples of Theory guided self-report inventories?
12. Which test is based on Carl Jungs theory of Personality?
13. Write any two uses of MBTI in Industry?
14. Write the names of three sections of SAT Reasoning test?
15. How many items included in FIRO-B?
16. Who developed Graduate Record Examination (GRE)?
17. Write the name of sections consists in the Graduate Record Examination (GRE)?
18. Give the name of Author for California Psychological Inventory?
19. Write the types measured by California Psychological Inventory?
20. Write the name of publisher of 16 Personality Factors?
21. Define Hit rate?
22. Write the names of three response style indices of 16 Personality Factors?
23. Write the names of adjustment areas measured by Sack's Sentence Completion Test?

Q. 3 Write Short Notes

1. Self-Concept Inventories.
2. Rorschach Inkblot Test.
3. Fundamental Interpersonal Relationship Orientation-Behaviour (FIRO-B).
4. Projective Techniques.
5. NEO - PI and NEO –FFI.
6. Advantages of SPM.
7. Dimensions of NEO-PIR.
8. Structure of Sentence Completion Test.
9. Applications of Family Environment Scale.
10. Standard Progressive Matrices.
11. Cattell's Culture-fair Test of Intelligence.
12. Binet - Kamath test.
13. Malin Intelligence Test for Indian Children.
14. Bhatia Intelligence test.
15. Multidimensional Aptitude Battery (MAB)-Jackson & Chaddha.
16. Career Preference Records (Vivek Bhargava).
17. Interest Inventory (M.N. Palsane).
18. Scholastic Achievement Test – SAT.
19. Graduate Record Examination – GRE.
20. The Medico Psychological Questionnaire (Dr. J. Bharath Raj).
21. Diagnostic Test of Learning Disability (DTLD) (Swarup, Mehta).
22. Minnesota Multiphasic Personality Inventory.
23. California Psychological Inventory.
24. 16 Personality Factors.
25. NEO Personality Inventory –R.
26. Eysenk's Personality Questionnaire - R (EPQ - R).
27. Edwards Personal Preference Schedule (EPPS).
28. Self Concept Rating Scale (Deo).
29. Vyaktitva Shodhika (Khire & Rajguru).
30. Projective and neuropsychological testing.
31. Concepts of base rates and hit rates.
32. Taylor Russell tables.
33. Utility theory and decision analysis.
34. Incremental validity.
35. Myers-Briggs Type Indicator (MBTI).
36. Dexterity tests - O'Conner Finger Dexterity Test.
37. Bennett Hand-Tool Dexterity Test.
38. Minnesota Manual Dexterity Test.
39. Mechanical Reasoning Test.
40. Situational testing (games, role play).
41. In-basket exercises.
42. Fundamental Interpersonal Relationship Orientation - Behaviour FIRO-B.
43. Leadership assessment.
44. Non Verbal Test of Intelligence
45. Passi Creativity Tests
46. Differential Aptitude Test (DAT)
47. David's Battery of Differential Abilities (Sanjay Vohra).
48. Strong Vocational Interest Blank (SVIB).
49. State - Trait Anxiety Inventory IPAT (Krug & Cattell).
50. Bell's Adjustment Inventory.
51. Moos Family Environment Scale (FES).
52. Sack's Sentence Completion Test.

Q.4 Short Answer question

1. State the uses of differential Aptitude Test in various fields.
2. Explain areas of Differential Aptitude Test.
3. State the applications of NEO- PI.
4. Explain NEO Personality Inventory (NEO-PI-R) along with theoretical background.
5. Explain the Fundamental Interpersonal Relationship Orientation-Behavior (FIRO-B).
6. Discuss Myers Briggs Type Indicator (MBTI).
7. State the applications MBTI in industrial sector.
8. Review critically the Myers-Briggs Type Indicator (MBTI) as a measure of temperament in industrial or organizational psychology.
9. State application of Raven's Standard Progressive Matrices in educational field.
10. State importance of Bell's Adjustment Inventory in educational and family counseling.
11. State the application of family environment scale in counseling field.
12. Explain Strong vocational Interest Blank (SVIB) with reference to different professions.
13. Explain the basic ideas of Vyaktitva Shodhika (Khire & Rajguru).
14. Explain how the Minnesota Multiphasic Personality Inventory (MMPI) is designed to help in the diagnosis of the major psychological disorders.
15. Explain the Minnesota Manual Dexterity Test as an important tool of personnel selection.
16. Explain the components of Bell's Adjustment Inventory
17. Describe the dimensions mentioned in the Passi's test of creativity.
18. Discuss in detail the Cattell's culture fair test of intelligence.
19. What is aptitude? Explain in detail the descriptions of various aptitudes.
20. State applications of Differential Aptitude Test (DAT) in educational guidance.
21. State the different features of Minnesota Multiphasic Inventory of personality (MMPI) and its applications.
22. Discuss the theoretical background of Fundamental Interpersonal Relationship Orientation-Behavior (FIRO-B).
23. Explain in detail the descriptions of various subtests of Multidimensional Aptitude Battery (MAB).
24. Discuss in detail the California Psychological Inventory
25. Explain the Non Verbal Test of Intelligence (NVTI).

Q. 5 Long Answer questions.

1. Discuss in detail Cattell's Culture-fair Test of Intelligence.
2. Explain in detail the descriptions of various subtests of Multidimensional Aptitude Battery (MAB) and state applications of (MAB) in educational guidance.
3. Discuss Eysenck Personality Questionnaire-Revised (EPQ-R)
4. Discuss in detail the Rorschach Ink Blot test, its scoring pattern and clinical applications.
5. What is dexterity? Discuss O'Conner's Finger Dexterity and Bennett Hand-Tool Dexterity test.
6. Describe Myers Briggs Type Indicator (MBTI). State its industrial applications.
7. Describe David's Battery of Differential Abilities (DBDA), state its applications in vocational guidance field.
8. Explain State Trait Anxiety Inventory (STAI). State its measures and applications.
9. Describe in detail Bhatia Intelligence Tests. Critically evaluate it.
10. Explain the NEO Personality Inventory (NEO-PI-R) along with theoretical background. State its applications.
11. Explain how the Minnesota Multiphasic Personality Inventory (MMPI) is designed to aid in the diagnosis of the major psychological disorders.
12. Explain the Fundamental Interpersonal Relationship Orientation-Behaviour as a tool of measuring interpersonal relationship.
13. Explain the various components of Moos's Family Environment Scale. State the application of family environment scale in various fields.
14. What is creativity? Explain verbal and Non-verbal aspects of Passi's test of creativity. Evaluate it.
15. Discuss in detail Strong Vocational Interest Blank (SVIB).
16. Explain in detail Raven's Standard Progressive Matrices. State its application in educational field.
17. Discuss in detail Bender Gestalt neuropsychological tests.
18. What is Dexterity Test? Discuss Minnesota Manual Dexterity Test and Mechanical Reasoning Test
19. What is Situational Test? Discuss In-Basket Exercise for selecting executives.
20. Describe in detail the Bell's Adjustment Inventory. State its importance in educational and family counseling.
21. Explain the basic ideas of Malin's Intelligence Test for Indian Children (MISIC). State the procedures and psychometric properties of MISIC.
22. Discuss in detail Standard Progressive Matrices and Cattell's Culture Fair Test of intelligence.
23. Describe the 16 Personality Factors as the contribution of R. B. Cattell in the field of personality.
24. What is interest? Explain Strong vocational Interest Blank (SVIB) with reference to different professions.
25. Explain the basic ideas of Vyaktivva Shodhika (Khire & Rajguru). State the procedures and psychometric properties of Vyaktivva Shodhika.
26. Define aptitude. Explain how Differential Aptitude Test (DAT) is used in educational guidance.
27. Describe the theoretical base of Edwards Personal Preference Schedule (EPPS).
28. Explain the components, psychometric properties, procedures and interpretations of Bell's Adjustment Inventory.
29. Describe the history of fundamental Interpersonal Relationship orientation- Behaviour, needs and behaviour patterns and its measures. State its application in different field.
30. Describe Binet-kamath as a test of intelligence with special reference to its nature and applications.
