Title of the Programme: S.Y.B.A.(Sociology)

Preamble

AES's Tuljaram Chaturchand College has made the decision to change the syllabus of across various faculties from June, 2023 by incorporating the guidelines and provisions outlined in the National Education Policy (NEP), 2020. The NEP envisions making education more holistic and effective and to lay emphasis on the integration of general (academic) education, vocational education and experiential learning. The NEP introduces holistic and multidisciplinary education that would help to develop intellectual, scientific, social, physical, emotional, ethical and moral capacities of the students. The NEP 2020 envisages flexible curricular structures and learning based outcome approach for the development of the students. By establishing a nationally accepted and internationally comparable credit structure and courses framework, the NEP 2020 aims to promote educational excellence, facilitate seamless academic mobility, and enhance the global competitiveness of Indian students. It fosters a system where educational achievements can be recognized and valued not only within the country but also in the international arena, expanding opportunities and opening doors for students to pursue their aspirations on a global scale.

In response to the rapid advancements in science and technology and the evolving approaches in various domains of Sociology and related subjects, the Board of Studies in Sociology at Tuljaram Chaturchand College, Baramati - Pune, has developed the curriculum for the third semester of S.Y.B.A. Sociology, which goes beyond traditional academic boundaries. The syllabus is aligned with the NEP 2020 guidelines to ensure that students receive an education that prepares them for the challenges and opportunities of the 21st century. This syllabus has been designed under the framework of the Choice Based Credit System (CBCS), taking into consideration the guidelines set forth by the National Education Policy (NEP) 2020, LOCF (UGC), NCrF, NHEQF, Prof. R.D. Kulkarni's Report, Government of Maharashtra's General Resolution dated 20th April and 16th May 2023, and the Circular issued by SPPU, Pune on 31st May 2023.

One of the most significant yet scarcely explored careers, sociology owns enormous potential with bright career opportunities for students who are interested in exploring culture, society and politics and their influence on people in depth. Sociology scope in India is especially

enormous as it is a country full of diverse cultures and socio-political segments, which candidates might want to explore while working in sociology jobs. Contrary to popular perception, sociology is not a restrictive career. Rather opens the door to countless career opportunities in diverse fields. From media to activism, sociology scope in India is as expansive as a spectrum, holding diverse opportunities for candidates to learn their potential in a suitable field and follow the same. In order to have a career in sociology or BA sociology jobs after completing your degree, learn more about the field. Sociology is the study of changes in social life, social causes, and effects of human behavior on society. It also teaches students the method to investigate different structures, such as groups of people, institutions, and society as an entity.

Sociology also helps students develop critical thinking skills and the ability to measure and gather both quantitative and qualitative evidence. Besides, sociology as a platform for a career is growing at pace in India. If you have ever wondered how the dynamics of societies and communities work, sociology is the best avenue for you. In a bachelor or postgraduate course in sociology, students conduct many research projects to study social issues, test theories and perform analytics to develop better models for social development.

A career in sociology entails professional avenues where the study of different social demographics, the effects of various policies is important. The skills and knowledge acquired in sociology are also applied in tackling many administrative challenges that shape a society. So if you wish to make a positive impact on improving your society, studying sociology is ideal for you.

Overall, revising the Sociology syllabus in accordance with the NEP 2020 ensures that students receive an education that is relevant, comprehensive, and prepares them to navigate the dynamic and interconnected world of today. It equips them with the knowledge, skills, and competencies needed to contribute meaningfully to society and pursue their academic and professional goals in a rapidly changing global landscape.

CBCS Syllabus as per 2024 Pattern as per NEP 2020 for S.Y.B.A Sociology

Name of the Programme	: B.A. Sociology
Programme Code	: UASOC
Class	: S.Y.B.A.
Semester	: IV
Course Type	: Major Mandatory (Theory)
Course Code	: SOC-251-MRM
Course Title	: Foundations of Sociological Thought -II
No. of Credits	: 04
No. of Teaching Hours	: 60

Course Objectives:

1. Understand the historical development of sociology as a discipline and its key founders.

Choice Based Credit System Syllabus (2023 Pattern)

Mapping of Program Outcomes with Course Outcomes

Class: S.Y.B.A. (Semester- IV)

Subject: Sociology

Course: Industrial Sociology - II

Course Code: SOC -253-VSC

Weightage: 1= weak or low relation, 2= moderate or partial relation, 3= strong or direct relation

Course Outcomes	Programme Outcomes (POs)							
	PO 1	PO 2	PO 3	PO 4	PO 5	PO 6	PO 7	PO 8
CO 1	3			3	3			
CO 2	3		3	3	2			
CO 3	2	2						
CO 4		3						
CO 5		3						
CO 6		2		2	3			
CO 7		3	3	2	2			

Justification for the Mapping

PO1: Research-Related Skills

CO 1: Locate, critically read, and evaluate information to solve problems.

CO 2: Apply knowledge and skills within and across the fundamental ways of knowing.

CO 6: Demonstrate the skills to place their current and local experience in a global, cultural, and historical context.

PO2: Effective Citizenship and Ethics

CO 3: Demonstrate an appreciation of human expression through literature and fine and performing arts.

CO 4: Demonstrate the skills for effective citizenship and stewardship.

CO 5: Demonstrate an understanding of diverse cultures within and across societies.

CO 6: Demonstrate the skills to place their current and local experience in a global, cultural, and historical context.

CO 7: Apply principles of physical and emotional health to wellness.

PO3: Social Competence

CO 2: Apply knowledge and skills within and across the fundamental ways of knowing.

CO 7: Apply principles of physical and emotional health to wellness.

PO4: Disciplinary Knowledge

CO 1: Locate, critically read, and evaluate information to solve problems.

CO 2: Apply knowledge and skills within and across the fundamental ways of knowing.
CO 6: Demonstrate the skills to place their current and local experience in a global, cultural, and historical context.
CO 7: Apply principles of physical and emotional health to wellness.

PO5: Personal and Professional Competence

CO 1: Locate, critically read, and evaluate information to solve problems.
CO 2: Apply knowledge and skills within and across the fundamental ways of knowing.
CO 6: Demonstrate the skills to place their current and local experience in a global, cultural, and historical context.
CO 7: Apply principles of physical and emotional health to wellness.

CBCS Syllabus as per 2024 Pattern as per NEP 2020 for S.Y.B.A Sociology

Name of the Programme	: B.A. Sociology
Programme Code	: UASOC
Class	: S.Y.B.A.
Semester	: IV
Course Type	: Community Engagement Program (CEP) (Practical)
Course Code	: SOC -254-CEP
Course Title	: Community Engagement Program
No. of Credits	: 02
No. of Teaching Hours	: 30

Course Objectives:

Student will conduct either an individual or group based Community Engagement Program on topics of their interest. Each student will work under a teacher mentor.

CBCS Syllabus as per 2024 Pattern as per NEP 2020 for S.Y.B.A Sociology

Name of the Programme	: B.A. Sociology
Programme Code	: UASOC
Class	: S.Y.B.A.
Semester	: IV
Course Type	: Minor
Course Code	: SOC -255-MN
Course Title	: Introduction to Population Studies -II
No. of Credits	: 04
No. of Teaching Hours	: 60

Course Objectives:

1. Understand the basic concepts and theories used in the study of population dynamics.
2. Examine the major demographic processes such as fertility, mortality, migration, and population growth.
3. Analyze the historical trends and current patterns of global population change.
4. Explore the relationship between population dynamics and various social, economic, and environmental issues.
5. Learn the methods and techniques used in population research, including data collection and analysis.
6. Discuss the implications of population trends for public policy and planning.
7. Develop critical thinking skills through the evaluation of demographic data and research findings.

Course Outcomes:

- CO1: Students get familiar with the field of demography and introduce demographic processes.
- CO2: Students are able to understand the nature, scope and concepts related to population studies.
- CO3: Students are able to critically analyze the theoretical perspective of population studies.
- CO4: Students are able to understand the global population trends, and demographic perspectives.
- CO5: Students are able to evaluate the population policy and population profile of India.
- CO6: Students get familiar with concepts, measures, and theories of fertility, mortality, and migration.
- CO7: Students will be able to explain the links between demographic changes, economic outcomes, and public policy issues.

Topics and Learning Points

Unit I – Population Growth and Distribution in India

(15)

1. Growth of population since 1901
2. Nature and characteristics of Indian population (Age, Sex, Missing Girl child, Education, Literacy, Religion)

Unit II – Population Dynamics in India

(15)

1. Fertility – Definition and factors (Biological, Physiological, Social, Economic and Culture)
2. Mortality - Definition and factors (Mortality, Infant Mortality, Maternal Mortality, Sex Selective Abortions)
3. Migration – Definition, Types and Consequences

Unit III - Population Education in India

(15)

1. Population Education – Concept and debate, need, objectives, Sex Education, HIV, Aids Awareness
2. Legislative measures to enhance the quality and quantity of population in India- (Ban on sex determination and sex-selective abortions, PCPNDT, National Rural Health Mission)

Unit IV - Population and Development

(15)

1. Population as a constraint on and a resource for development
2. Socio-culture factors of population dynamics –gender, religion, education.
3. Relation between population and poverty

Essential Readings

1. Bhende A. And Kanitkar T. 2003. *Principles of Population Studies*. Himalaya Publishing House.
2. Bose Ashish. 1991. *Demographic Diversity in India*. Delhi. B.R.PUBLISHING CORP.

CBCS Syllabus as per 2023 Pattern as per NEP 2020 for S.Y.B.A Sociology

Name of the Programme	: B.A. Sociology
Programme Code	: UASOC
Class	: S.Y.B.A.
Semester	: IV
Course Type	: Open Elective (Theory)
Course Code	: SOC -266-OE
Course Title	: Population Growth and Society - II
No. of Credits	: 02
No. of Teaching Hours	: 30

Course Objectives:

1. Gain an understanding of the theories, models, and trends related to population growth, distribution, and change.
2. Examine the social, economic, environmental, and political implications of population growth on societies globally.
3. Explore the concept of demographic transition and its relevance to understanding population change in different regions.
4. Evaluate population policies implemented by various countries and organizations, and their effectiveness in addressing population challenges.
5. Analyze how population dynamics intersect with issues of social inequality, including access to resources, healthcare, and education.
6. Examine the relationship between population growth, migration patterns, and urbanization, and their effects on society.
7. Discuss the role of population growth in environmental degradation and explore strategies for sustainable development.

Course Outcomes:

- CO1: Students get familiar with the field of demography and introduce demographic processes.
- CO2: Students are able to understand the nature, scope and concepts related to population studies.
- CO3: Students are able to critically analyze the theoretical perspective of population studies.
- CO4: Students are able to understand the global population trends, and demographic perspectives.
- CO5: are able to evaluate the population policy and population profile of India.
- CO6: Students get familiar with concepts, measures, and theories of fertility, mortality, and migration.
- CO7: Students will be able to explain the links between demographic changes, economic outcomes, and public policy issues.

CBCS Syllabus as per NEP 2020 for F.Y.B.A Sociology (2023 Pattern)

Name of the Programme : B.A. Sociology

Programme Code : UASOC

Class : S.Y.B.A.

Semester : IV

Course Type : Skill Enhancement Course

Course Code : SOC - 257-SEC

Course Title : Introduction to Urban Society

No. of Credits : 02

No. of Teaching Hours : 30

Course Objectives:

1. Understand the key concepts and theories in urban sociology, including urbanization, urbanism, and urban social structures.
2. Analyze the historical development of cities and urban societies, including the impact of industrialization, globalization, and urban planning.
3. Examine the social, economic, and political processes shaping urban life, such as urban poverty, segregation, and social movements.
4. Explore the role of culture, identity, and community in urban environments, including the formation of urban subcultures and social networks.
5. Investigate urban inequalities, including issues related to race, class, gender, and sexuality in urban spaces.
6. Evaluate urban policies and practices, including urban planning, housing policies, and strategies for sustainable urban development.
7. Develop critical thinking and analytical skills through the examination of case studies, research projects, and fieldwork in urban settings.

Course Outcomes:

CO1: Understand the historical development of cities and urban areas.

CO2: Identify and analyze the social, cultural, economic, and political dynamics of urban life.

CO3: Examine the impact of urbanization on individuals, communities, and societies.

CO4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.

CO5: Critically assess issues related to urban poverty, inequality, and social justice.

CO6: Analyze urban policies and their implications for urban development and social

change.

CO7: Develop research skills to study urban phenomena and apply sociological theories to real-world urban issues.

Topics and Learning Points

Unit	Topics and Learning Points	Marks
Unit I – Introduction to Urban Sociology	1. Definition and Subject matter of Urban Sociology 2. Nature of Urban Sociology 3. Importance of Urban Sociology	10
Unit II – Major Concepts in Urban Sociology	1. Meaning and Characteristics of Urban Community 2. Meaning and Characteristics of Urbanism 3. Rural-Urban Continuity differences	10
Unit III – Process of Urbanization	1. Meaning and Nature of Urbanization 2. Causes of Urbanization 3. Consequences of Urbanization	10

Choice Based Credit System Syllabus (2023 Pattern)

Mapping of Program Outcomes with Course Outcomes

Class: S.Y.B.A. (Semester- IV)

Subject: Sociology

Course: Urban Sociology

Course Code: SOC-257-VSC

Weightage: 1= weak or low relation, 2= moderate or partial relation, 3=stronger direct relation.

Course Outcomes	Programme Outcomes (POs)								PO9	PO10
	PO 1	PO 2	PO 3	PO 4	PO 5	PO 6	PO 7	PO 8		
CO 1	2		2	3	2	2				
CO 2	3		3	3		3	3			3
CO 3	1			3	1	1	2			3
CO 4	3		3	3	3	3	1			2
CO 5	3		3	3		3				3
CO 6	2		2	3		2				3
CO 7	1			3		1				1
										3

Justification for the mapping

PO1: Critical and Creative Thinking:

CO1: Understand the historical development of cities and urban areas.

CO2: Identify and analyze the social, cultural, economic, and political dynamics of urban life.

CO3: Examine the impact of urbanization on individuals, communities, and societies.

CO4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.

CO5: Critically assess issues related to urban poverty, inequality, and social justice.

CO6: Analyze urban policies and their implications for urban development and social change.

CO7: Develop research skills to study urban phenomena and apply sociological theories to real-world urban issues.

CO8:

PO3: Multicultural Competence:

CO1: Understand the historical development of cities and urban areas.

CO2: Identify and analyze the social, cultural, economic, and political dynamics

of urban life.

- CO3: Examine the impact of urbanization on individuals, communities, and societies.
- CO4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.
- CO5: Critically assess issues related to urban poverty, inequality, and social justice.
- CO6: Analyze urban policies and their implications for urban development and social change.

PO4: Research Skills:

- CO1: Understand the historical development of cities and urban areas.
- CO2: Identify and analyze the social, cultural, economic, and political dynamics of urban life.
- CO3: Examine the impact of urbanization on individuals, communities, and societies.
- CO4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.
- CO5: Critically assess issues related to urban poverty, inequality, and social justice.
- CO6: Analyze urban policies and their implications for urban development and social change.
- CO7: Develop research skills to study urban phenomena and apply sociological theories to real-world urban issues.

PO5: Environmental awareness:

- CO 1: Understand the historical development of cities and urban areas.
- CO 3: Examine the impact of urbanization on individuals, communities, and societies.
- CO 4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.

PO6: Problem-solving Abilities:

- CO 1: Understand the historical development of cities and urban areas.
- CO 2: Identify and analyze the social, cultural, economic, and political dynamics of urban life.
- CO 3: Examine the impact of urbanization on individuals, communities, and societies.

CO 4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.

CO 5: Critically assess issues related to urban poverty, inequality, and social justice.

CO 6: Analyze urban policies and their implications for urban development and social change.

CO 7: Develop research skills to study urban phenomena and apply sociological theories to real-world urban issues.

PO7: Collaboration and Teamwork:

CO 2: Identify and analyze the social, cultural, economic, and political dynamics of urban life.

CO 3: Examine the impact of urbanization on individuals, communities, and societies.

CO 4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.

PO10: Community Engagement and Service:

CO 1: Understand the historical development of cities and urban areas.

CO 2: Identify and analyze the social, cultural, economic, and political dynamics of urban life.

CO 3: Examine the impact of urbanization on individuals, communities, and societies.

CO 4: Explore theories and concepts related to urban sociology, such as urbanism, social stratification, and urban ecology.

CO 5: Critically assess issues related to urban poverty, inequality, and social justice.

CO 6: Analyze urban policies and their implications for urban development and social change.

CO 7: Develop research skills to study urban phenomena and apply sociological theories to real-world urban issues.
