6	Funded by: College / University etc.	College
7	No. of beneficiaries	135 Students

Detail Information of the Programme/Activity:

A one-day workshop on “Student Interaction and Career Guidance” was organized under the “Career Katta” initiative by Tuljaram Chaturchand College, in association with the Department of Higher and Technical Education and the Maharashtra Information Technology Assistance Centre. The primary objective of this initiative was to provide students with awareness about emerging career opportunities in the digital era and to introduce them to essential skills required for the same.

The workshop witnessed the presence of more than 135 students from various branches and classes, primarily from first and second years.

The chief guest and keynote speaker was Mr. Yashwant Shitole, President, Maharashtra Information Technology Assistance Centre. He delivered an insightful session on topics such as career opportunities in the digital age, preparation for competitive exams like IAS, entrepreneurship, start-ups, and various initiatives under Digital India.

Dr. Sanjay Khilare provided information about various skill development initiatives under the Career Katta platform, including e-learning programs, cybersecurity, data analytics, and soft skills training. The workshop served as a platform for students to directly interact with experts and seek guidance for their future career paths.

The students actively participated in the workshop, expressing keen interest in learning about digital skills and exploring new career avenues. Many students raised queries during the interaction session and appreciated the practical insights shared by the speakers. The overall feedback from students highlighted that such workshops boost their confidence and help them broaden their career perspectives.

Anchoring was done confidently by Ms. Janhavi Mhatre, a student of the college. Welcome Address was delivered by Prof. Salma Shaikh. Dr. Dipali Anpat, Career Katta Coordinator, proposed vote of Thanks.

The event concluded successfully with great enthusiasm. It significantly contributed to enhancing students' knowledge, awareness of digital careers, and motivation to pursue new opportunities. There was a collective demand from students for similar workshops in the future.

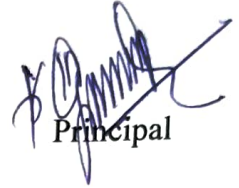

Thank you.
