To,
Head of the department of psychology.

Respected Sir,
I am Smita Shah, I hold a post-graduate degree in Clinical Psychology, which I completed in 2019. I am the Founder of Spectrum Energizing Centre, a comprehensive facility offering counselling, therapy, and training services. In addition to these core services, we also specialize in psychometric testing. At Spectrum, we are committed to fostering mental health and well-being in the community. Our mission is to provide individuals with the support, tools, and resources they need to lead healthier, more fulfilling lives. It is also a good source of income and the demand for psychology is increasing.

Thank you,
