Subject: Training Program Report-Employability Training Program

Dear Sir,

The Employability Training Program conducted from March 16 to 18, 2024, was a resounding success, thanks to the collaborative efforts of Aspiring Careers Pune, Sarathi Social Foundation Pune, and our college.

The Employability Training Program aimed to equip undergraduate and postgraduate students from the Mathematics and Zoology departments with essential skills to enhance their employability prospects. The program focused on various aspects such as body language, effective listening, time management, negotiating skills, creating presentations, and delivering presentations to an audience.

A total of 100 students from the Mathematics and Zoology departments, along with 8 teachers, actively participated in the program. The diverse group of participants contributed to a rich learning environment, fostering collaboration and knowledge sharing.

Ms. Sakshi Sood, an experienced soft skills trainer, covered a wide range of topics essential for professional growth. The sessions included:

1. Body Language: Understanding the significance of non-verbal communication and its impact on interpersonal interactions.
2. Effective Listening: Techniques to improve listening skills and enhance understanding in various contexts.
3. Time Management: Strategies for efficient utilization of time and prioritizing tasks to achieve goals effectively.
4. Negotiating Skills: Learning effective negotiation techniques to navigate professional situations and reach mutually beneficial agreements.
5. Creating a Presentation: Guidelines for designing engaging and informative presentations to effectively convey ideas.
6. Presenting to an Audience: Tips and techniques for delivering presentations confidently and engaging the audience effectively.

Feedback from the participants indicated a high level of satisfaction with the training program. Many students expressed that their confidence levels had significantly improved, along with enhancements in their communication skills and stage daring.

A contribution fund of Rs. 25,000 (Rs. 12,500 from the Mathematics Department ED Cell Fund and Rs. 12,500 from the Zoology Department ED Cell Fund) has been allocated by the college to support this program. We kindly request permission to credit this amount to the designated bank account details attached with this report.

We extend our heartfelt thanks to you for your support and for granting permission to conduct this program. Your encouragement and endorsement have been instrumental in the success of this endeavour, and we are grateful for your continued guidance and leadership.
