Subject: Report on workshop on Maintenance and Operation of Laboratory Equipments

Dear Sir,

A five day workshop on "Maintenance and Operation of Laboratory Equipments" was held to equip laboratory personnel, technicians, and students with essential skills for the proper operation, maintenance, and troubleshooting of various laboratory equipment. The event aimed to emphasize the importance of regular maintenance in ensuring the longevity, safety, and efficiency of laboratory instruments.

The inauguration program was held on 25th November 2019. Principal Dr. Chandrashekhar Murumkar presided over the event.

Resource persons from WRIC, Mumbai guided the participants on operation, maintenance and repair of laboratory equipment. Participants were given the opportunity to engage in practical, hands-on sessions where they practiced operating and maintaining specific pieces of laboratory equipment. They also participated in simulated troubleshooting exercises, identifying common issues and learning how to resolve them efficiently.

In total 27 participants attended the workshop and around 180 instruments were repaired. Prof. S.T. Salunkhe was the coordinator of the workshop.
