On 18th February, 2022, under the Women Empowerment Schemes in India, BBA (Computer Application) department has conducted PPT presentation on the Women Empowerment schemes by the Students.

The moto for organising such presentation wasas women were not allowed to make decisions for them, women empowerment came in like a breath of fresh air. It made them aware of their rights and how they must make their own place in society rather than depending on a man. Education for girls must be made compulsory so that women can become illiterate to make a life for themselves.

Women empowerment refers to making women powerful to make them capable of deciding for themselves.Women must be given equal opportunities in every field, irrespective of gender. Moreover, they must also be given equal pay. We can empower women by abolishing child marriage. Various programs must be held where they can be taught skills to fend for themselves in case they face financial crisis
