Report on the Entrepreneur Development Workshop

The department of English conducted an online two day workshop on *Entrepreneur Development* for the students on **22 and 23 March 2022**. In all there were four sessions in the workshop; two sessions per day. The workshop was inaugurated by Dr. Seema Gosavi, Vice Principal of the college. In her presidential address, Dr. Gosavi emphasized the need for becoming entrepreneurs in today's world. Eminent speakers and successful entrepreneurs like **Dr. Atul Patil, Mr. Sandeep Bhattad, Mr. Navnath Jagtap and Mr. Vipul Patil** guided and interacted with the students. The speakers appealed the students to develop communication skills as they are the key factors in entrepreneur development. They narrated their personal experiences and talked about the difficulties and challenges they faced when they began their start ups. The speakers emphasized the fact that students should not search for jobs as they are few, instead, they should think of starting a business after completing their education. The sessions were lively; the students were enthralled to listen to the experiences of the speakers. Many students raised interesting questions for the speakers on the entrepreneur development skills, which were satisfactorily answered in return. About 50 students participated in the workshop. The feedback on the workshop has been collected from the students.

Overall the workshop was successful and the students were definitely benefited by it. We hope that there will be numerous entrepreneurs in future from the English department. All the teachers in the department took efforts in organizing the workshop.
