Entrepreneurship Development Cell – Proposal

Name of Department	-	Department of Zoology in collaboration with Krushi Vidnyan Kendra (KVK), Baramati, Pune.
Name of Activity	-	One day workshop on Integrated pest & disease Management.
Type of Skill	-	Identification of agricultural insect pests, Diseases and their control.
Activity Coordinator	-	Prof. S.P.Chordiya
Class	-	TYBSc
Expected student number	-	20

Introduction - The latest data indicate that pests reduce the yield of agricultural crops in the world for 42%. Approximately one half wastes on weed damage, one quarter on disease, and second quarter on pest damage.

It is also important to draw attention to responsibility of individuals for the application of plant protection measures, which is prescribed by each state. This responsibility exists because of the danger of pesticides for humans, animals and the environment. Most of the our college students are from rural area & they have the agriculture background.

Objectives –

- 1) To provide free of cost training of agricultural insect pest and their control to students.
- 2) To promote students for biological pest control & develop entrepreneurial vision.
- 3) To give knowledge about benefits of agricultural insect pests and their control.
- 4) To create awareness in society about biological pest control through students.

Activity implementation details –

A. Resource Person:

Dr. Milind Joshi - Subject Matter Specialist (Plant Protection), KVK, Baramati Pune.
Students will be taken to KVK Baramati for the said workshop where they will get the hands on training of integrated pest management.

**Broad Details of Estimated Expenditure (In Rs.) for which
Financial Assistance is sought:**

A. Honorarium	for Resource Persons:	20000/-
