Backdrop:

Intellectual Property Rights (IPRs) is hot topic of discussion amongst the researchers, academicians and industry people. We can say that IPRs is an area which brings all researchers, academicians and industry people to work in a symbiotic manner. Considering this, the Patent Cell of our college keeps organizing awareness workshops and expert talk sessions on this topic. This year we began the Patent Cell activities for the year with an Awareness Programme on Intellectual Property Rights. Our Vice Principal Dr. Ramchandra Sapkal sir proposed the idea of inviting Mr. Pratik Hendre, Examiner of Patents and Design Office of the Controller of Patents, Designs, Trademarks and Geographical Indications. He also informed that the above office wants to conduct two online and one offline programmes under A National Intellectual Property Awareness Mission (NIPAM) on the topic in our campus. Hence, the Patent Cell immediately followed up the idea and preparations started for organization of the first such event for the Post Graduate Students, Research Scholars and Teachers. This event was scheduled on 29th July, 2022 between 10.30 am-12.45 pm.

Conduct of the Programme :

It was decided that the Guest Speaker will speak online through the Google Meet and this lecture would be projected live to our students and staff in Jivraj Auditorium. Accordingly arrangements were made. The guest speaker and Vice Principal Dr. Ramchandra Sapkal sir joined on Google Meet. Before the beginning of the session, students were shown Videos on Intellectual Property Rights. The actual programme started at 10.40 am.
