BBA(C.A) Department.

To,

Subject: – Reporting of Talent Talk Competition in IQAC Youth Festival 2022-23 organized by BBA (C.A) department.

Respected Sir,

BBA (Computer Application) department has organized Different Activities in IQAC Youth Festival 2022-23 dated on 23<sup>rd</sup> January 2023 and 24<sup>th</sup> January 2023.

On 24<sup>th</sup> January 2023 Talent Talk competition was organised in classroom P-403 from 9.15am am to 11.30 am. Total 16 Participants were registered for this Competition. This activity comes under Academic category. Talent Talk is a Activity for evaluating and judging a person's speaking ability, the flow of their thoughts, and the way they communicate their ideas.

It encourages students to think quickly and creatively. It is an excellent approach to practicing your communication and time management skills.

In Talent Talk a subject is given on the spot without any prior preparation. At that times there are 5 minutes given to prepare and after preparation 5 minutes were given to express themselves.

Participants would be evaluating on the basis of following rules: -

### **Ability to think off the feet:**

Since the candidate is required to speak on the spur of the moment, it judges the candidate's ability to think, organize and speak.

### **Analysis of the topic and identification of the issue to be addressed:**

It has a huge probability of going in a random and directionless manner if proper analysis does not precede the speech. The candidate is advised to understand the key issues which need to be addressed and then logically position them to create a coherent and well knitted presentation.

### **Idea Generation:**

The biggest challenge is to come out with a quick sequence of ideas. This assumes even stronger proportions because of limited time available for the task.

### **Language Presentation:**

The address particularly has to be in professional English language with no mix of any other language.

### **Communication skills:**

are important as the effectiveness of the presentation is critically determined by communication skills – both verbal and non-verbal. While articulation, fluency and modulation are key determinants of verbal effectiveness; energy, eye contact and gestures mark the efficacy of non-verbal connect.

**Overall presentation skills:**

Like body language, confidence, poise & composure – also have an important role to play in enhancing the quality of the extempore speech.

**Preparation Time:**

Candidates would be given 5 minutes to think and recollect ideas of what to speak.

**Topics:**

- IT: Boon or Bane.

- Digital Marketing
- Cryptocurrency/ Bitcoin.
- Why Individual Data Privacy is important?
