Date: 08/02/2022

To,
The Principal,
Tuljaram Chaturchand College of Arts, Science and Commerce,
Baramati.

Subject: Report of the workshop on Mathematics in Machine Learning.

Respected Sir,

We have organized six days online workshop on "Mathematics in Machine Learning" for B.Sc. and M.Sc (Mathematics) students' under the Entrepreneurship Development Cell of our college. The workshop was held from 31st January to 5th February 2022(09:00 AM to 11:00 AM). Seventy students and 5 teachers of the department of Mathematics participated in this workshop.

The resource person for the workshop was Mr. Hitesh Kapade. Senior Manager, MPS Interactive Systems. He started with the topic Introduction to Data Science and explained why it matters, what are the application of data science, what tools are used in it. The quiz and the assignment for the day were given to students. Then on the second day, he started with the introduction of Machine Learning. He discussed topics such as what are machine learning algorithms, supervised and unsupervised learning. He explained about machine learning project procedure. The topic for the third day was Basic Mathematics for Machine Learning. He explained about types of data, measures of central tendency, measures of variability. Then he showed how to use Excel in machine learning. On the fourth day, he discussed how Linear Algebra was used in the Google page rank algorithm. Calculus for machine learning and case study was taken on the fifth and last day of the workshop.

Every day students were given resources, quizzes, and assignments. The question and answers time was given to students. They interacted with the resource person and in their feedback, they told us about their satisfaction with the content and appreciated the importance of the workshop. I request you to take note of this activity.

Thank you very much for your guidance and support.

Yours faithfully

S. Puranik

Puranik Sadashiv R.

Department of Mathematics

Date: 15 December 2021

To,

The Principal,

Tuljaram Chaturchand College, Baramati.

Subject: Application for workshop under ED Cell

Respected sir,

We want to conduct 1 week workshop for B.Sc. (Mathematics) students on the subject 'Mathematics in Machine Learning'. Details for this workshop are as follows.

Name of the Department: Department of Mathematics

Name of the Activity: Workshop on Mathematics in Machine Learning

Type of the Activity: Experimental Learning

Coordinator of the Activity: Puranik Sadashiv Ramkrushna

Experts for the Activity: Mr. Hitesh Kapade (Senior Manager, MPS Interactive Systems)

Class: F.Y.B.Sc., S.Y.B.Sc. and T.Y.B.Sc (Mathematics) students

Expected number of students: 60

Mode of the Activity: Online (Daily 2 Hours)

Duration of the Activity: 1 week (17 January to 22 January)

Expenses for the Activity: 12,000/- (Expert Remuneration)

3500/- (Local Hospitality) Chatur
15,500

Machine learning is an attempt to construct automated machines using programming languages, data analysis, large scale computations and Mathematics. This workshop is going to concentrate on Mathematics part for Machine learning, because in computer science students learn programming, data analysis but Mathematics. I request you to give the permission for organization of the workshop under Entrepreneurship Development Cell activity.

Thank you.

Recommended to
organize
activity

REC hitash kapade is presenting

What data scientist do?

A data scientist needs to be somebody who knows how to find answers to novel problems.

The most basic of definitions would be that a data scientist is somebody who uses data to answer questions. But more importantly to you, what skills does a data scientist embody?

Subject: Letter of Appreciation.

Dear Sir,

Thank you very much for delivering an informative and thought-provoking training as a Resource Person for the 6 days' workshop on "Mathematics in Machine Learning" held during the period 31st January to 5 February 2022. It was a splendid presentation that exposed students to use Mathematics in technology and how one can choose a different and successful career by studying Mathematics with technology especially in the field of Machine Learning. All the students appreciated and benefited from these technical discussions in the workshop.

Looking forward to your cooperation for the promotion of professional education in the future as well.

Yours sincerely,
